An Update on the Enhancements for Voyager Beach Resort - 2026

Dear Partners,

We are pleased to report that all major construction works have now been completed, in line with the redevelopment programme that commenced on 15th April 2026. The transformation has reached a significant milestone, and we are pleased to advise that the following facilities are now fully operational:

Guest Rooms: The Ground Floor and First Floor Pool View Rooms have been commissioned and are now available for occupancy. The Second Floor rooms are also complete, with only a few final finishing touches remaining. These rooms are expected to be available within the coming week.

Sports Pool: The newly refurbished Sports Pool is now fully operational and has already received exceptional feedback from our guests. It has quickly become one of the resort's standout features.

Kaskazi Bar: The newly transformed Kaskazi Bar has been commissioned and is now welcoming guests, offering a refreshed atmosphere for relaxation and social gatherings.

Smugglers Cove: Smugglers Cove reopened on 1st July and continues to delight guests with its outstanding culinary experiences and unique beachfront ambience.

Landscaping: Our landscaping programme continues, with new lawns, gardens and planting being established to further enhance the resort's tropical setting.

Hair Salon: The new Hair Salon is scheduled for completion by the end of October 2026. In the meantime, we have arranged alternative salon services for guests requiring these facilities.

While the vast majority of the redevelopment programme has now been completed, a small number of ancillary works remain in progress, including final improvements to selected stairways and minor finishing works within the Sea View room area. Some temporary screening remains in place in these locations, but the resort is fully open and operating normally.

We are immensely grateful for your patience, encouragement and continued partnership throughout this ambitious redevelopment. Completing such a comprehensive enhancement programme within just three months has been a remarkable achievement, and we are proud of the product we have created together.

We look forward to welcoming you and your guests to experience the revitalised Voyager Beach Resort.

With Kind Regards,

The Voyager Team.
