Planned Enhancements for Voyager Beach Resort – 2026

Dear Partners,

Earlier this year, we shared our plans for a series of enhancements at Voyager Beach Resort, with works commencing on 16 April 2026. We are delighted to report that the project is progressing exceptionally well and remains firmly on schedule. Below is an update on the key developments currently underway:

Pool View Rooms: All 43 Pool View Rooms are undergoing a comprehensive refurbishment to enhance guest comfort, style, and the overall experience.

New Premier Pool View Category: We are introducing a new room category, Premier Pool View, comprising 22 spacious rooms featuring enhanced views, upgraded finishes, and contemporary design to meet the evolving expectations of today's traveller.

Swahili Lounge Enhancement: The Swahili Lounge is receiving a complete transformation, including refreshed interiors, improved lighting, and an enhanced layout. It will continue to provide a welcoming space where guests can relax, enjoy the coastal ambience, and stay connected.

Kaskazi Bar Transformation: Kaskazi Bar has been redesigned into a stylish contemporary venue that will also serve as a dedicated Sports Bar, creating a vibrant new social hub within the resort.

New Lounge Space: A new lounge and relaxation area has been created at the former Michezo Deck, offering guests an inviting setting to meet, unwind, and enjoy the resort atmosphere.

New Specialty Restaurant: A brand-new specialty restaurant has been constructed to cater for corporate groups and guests seeking a more exclusive and private dining experience away from the main restaurant.

Sports Pool & Baraza Concept: The former Sports Bar area has been reimaged with traditional Baraza-style seating, complemented by new flooring and refreshed finishes to create a more attractive and contemporary leisure space.

Relax Pool Upgrade: The Relax Pool is being modernised with new tiling and upgraded finishes, further enhancing one of the resort's most popular guest facilities.

Hair Salon Refurbishment: The Hair Salon has been completely redesigned to provide a modern, comfortable, and stylish environment for our guests.

New Kids Club: A brand-new Kids Club is being developed to ensure our youngest VIP guests enjoy a fun, engaging, and memorable holiday experience.

Enhanced Water Storage Capacity: A new water storage tank is being installed, increasing our reserve capacity and providing up to six days of uninterrupted water supply, further strengthening the resort's operational resilience.

New Infirmary: A dedicated infirmary is being established to further enhance the health, safety, and wellbeing of our valued guests.

We are pleased to report that progress across all workstreams has been excellent, and we remain on track to achieve our target completion date of 16 July 2026.

We appreciate your continued support and partnership and look forward to welcoming you and your guests to experience these exciting enhancements very soon. We will continue to keep you updated on our progress.

Kind regards,

The Voyager Team
